SIGNATURE DESIGN BY ZGF

Outside, 11W stands as an architectural statement, featuring an intricate exterior design by the renowned team at ZGF. The aesthetics and attention to detail are unparalleled in the city of Portland – highlighted by the distinct articulated metal exterior engineered in Japan specifically for 11W.

Inside, the building offers an incredible amenity collection with a mix of spaces to retreat, gather, work out and replenish. It's as much a place to revive as it is a place to work, giving tenants and staff a truly unique place to collaborate and innovate.

“Productivity and wellness inspired every component of The Offices at 11W, especially the amenity spaces, which facilitate an active lifestyle for tenants.
